FROM THE DIRECTOR'S DESK

Dear Friends,

At the Mary S. Roberts Pet Adoption Center we strive to make Riverside and surrounding communities a place where every cat, dog, puppy and kitten receives the care they deserve. Thanks to the support of our community, volunteers, donors, partners and staff we are able to provide community members with resources and information to responsibly care for their pets, while providing love and care to animals in need.

This past year we felt the arms of our community embrace us while they poured their love right our mission! Thanks to the generosity of our supporters and closest friends we provided second chances to nearly 2,000 orphaned pets.

Our community's ongoing support and compassion allowed us to make great strides towards our mission. We are proud to report that this past year we were able to implement an enrichment program for animals in our care. Enrichment refers to a process for improving the environment and behavioral care of confined animals within the context of their behavioral needs. The purpose of enrichment is to reduce stress and improve well-being by providing physical and mental stimulation, encouraging species-typical behaviors (e.g., chewing for dogs and scratching for cats) and allowing animals more control over their environment. This means while in our care, animals leave happier and are able to easily transition into their new homes.

We continued to work toward our vision of being valued as an essential component to the high quality of life for animals and to the people in the Inland Empire. We grew our humane education program so even more children would learn about animals, bite prevention and compassion towards all living things. These are just a few of the ways we are working to ensure community members and animals have access to services.

We can't help but look forward to 2019 with excitement! Thanks to the support of our community and our partners, our dream of a better world for pets is right around the corner! But let's not forget about the tremendous strides we've made together in 2018 and over the years helping our community become a great place for pets.

For the animals,

Carrie Ridgway

AVERAGE LENGTH OF STAY

A pet adoption center can be a stressful environment for animals, and, we want nothing more than to help animals in our care find loving new homes as soon as possible. During fiscal year 2018 we are proud to have reduced our average length of stay.

ANIMAL CARE

Our wellness team and animal care technicians are an essential part of the Pet Adoption Center. Because of their dedication and compassion, the basic needs of each and every animal in our care are met. They provide our animals freedom from hunger and thirst through quality food and clean water, and freedom from discomfort by ensuring all animals always have a clean kennel, with a comfortable resting area.

54,691 DAYS IN CARE

109,382 MEALS PROVIDED

BEHAVIOR & ENRICHMENT

Our behavior, training, & enrichment staff and volunteers work to make sure that what can be an amazingly stressful time in an orphaned pet's life is, instead, as wonderful as possible, while also helping these pets become the best versions of themselves. They afford the cats, dogs, puppies, and kittens in our care with the freedom to express normal behavior, by providing time and space for play, socialization with humans and other animals, training, and mental stimulation.

HUMANE EDUCATION & COMMUNITY OUTREACH SERVICES

IMAGINE...a generation with the passion and skills to solve the most pressing challenges of our time, successfully and joyfully. ... if each of us were prepared for our unique role in creating a better world from the time we were born. ...if making humane choices were part of every aspect of our lives. IMAGINE the world we would create. Humane education is the key to creating such a world. Humane education not only instills the desire and capacity to live with compassion, integrity, and wisdom, but also provides the knowledge and tools to put our values into action in meaningful, far-reaching ways. Humane education enables us to find solutions that work for all by approaching human rights, environmental preservation, and animal protection as interconnected and integral dimensions of a healthy, just society.
